NUMBER 50

Some Say the Grammar School Building Batty

Last week the Herald man met a good lady, one who has not lived in Hamlin very long. She was taking subscriptions or memberships for the Elementary P-T. A. She said "We want the Herald man to do two things for the P-T. A. One, become a supporting member." We did, as usual. She said, "Have you ever been in the Grammar school building?" We said "Yes, about a thousand times in the past more than 29 years." Then she said, "Did you know it literally stinks?" We said "Yes, never went inside of it in all these years but that I could smell the bats, etc." Then we said, "What of it?" She said "I think Hamlin people should do something about it." To that we agreed also.

Now let me see...back in 1914 it was the first building Ye Editor ever entered in Hamlin. At that time it was the pride and joy of Hamlin. A nice beautiful building, modern as far as that day knew. It cost, well, let's see, about \$50,000.00 and in later years \$20,000.00 more was added, and again and again extra costs, and today it would perhaps cost \$85,000.00 or more to build, if we could get the material, maybe more. That building is a kind of "old coat" one that sheltered our children and afforded them what public school education they received in Hamlin from about 1909-10 or 1912 to about 1929. Some of the present Board members were school boys in that old building. That dear old building has caused more argument, more fussing and grumbling in Hamlin than any other thing this community ever had.

So the good lady wanted us to say something about our dear old neglected "coat"...that's what it really is. But it is too GOOD, has too much service to be neglected. Hamlin taxpayers have gotten more humbuggery out of attempted repairs on that building than anything we have. That's why it is so easy to get an argument about it. Good constructive arguments are healthful for a community.

Now let's wade into the subject. Firstly, in the days when the Grammar school building was constructed, they did not have the permanency in mind that we would have now. The mortar in the bricks did not contain as much cement as you find in modern structures. It crumbles easily, lets water through, cannot stand concussions. That's true of most business houses in Hamlin.

The school building in question has a complicated cornish system, some or most of it out of metal, that rusted and let in birds, bats and rain and dirt. The windows were not caulked to the bricks and thus again bats and water and dirt could enter. Even the roof was never free from leaking. Time tells on such buildings, and unless a constant and proper repair is kept up they become stinky and uncomfortable, unsanitary, unsuitable for anybody's child to sit in day in and day out. Well, remembering that a good mother wanted this Ed to say something about a public matter, we snooped about, even on Sunday, lastly, and so we slowly paraded around the grand old building, all alone, and we must admit we had many mingled feelings of sadness. Those grounds were the school boy days of many of our Hamlin boys away over seas, fighting the heathen Japs, or the murderous Germans. It was from that old building we assisted in leading the young boys and girls of 1918, that November 11, to parade down the streets, shouting and rejoicing that the Armistice had been signed, and soon our boys then would be coming home. Today, we can call the names of many of those kids who are now going thru hell and death for freedom, like they did in 1918. So we looked and then thought. It is clear that bats must be in the building, more now than in 1918. The old cornish is falling apart, some has been torn from its anchorage, showing naked old bricks or rain holes; we counted holes in windows galore till we lost count; on every side could be seen a neglected "coat." Yet, the building stands proud and spacious, wishing for attention. What about the inside? We have not been on the inside in a long time, but we admit we should have been. It is perhaps as needy as the outside. It is where our children of this 1943 sit and are taught. It is plain that comfort can not be enjoyed in rooms that are let-

Junior Festival To Be Sat. Evening, Oct. 30 At The Pipers' Field

Do you want something new? Something that is interesting and exciting? Most of us do, so on Saturday evening, Oct. 30, the Juniors are going to give you something entirely different—a Junior Festival. For years we have had the same Junior Carnival; we were in somewhat of a rut. Well, the Juniors were ready for a change, so we got in a huddle and after straining our minds to their highest point of intelligence we finally decided on the new, and we hope better, Junior Festival. It will be at the Pipers' Foot Ball Field.

We will have besides the choosing of an All School Favorite, and other class favorites, wild men, fortune tellers, native dancers, booths that will be selling food and various other things. We will also have a parade Oct. 30, Saturday afternoon.

We have planned something new, hoping to entertain you. Our aim is for everyone to have a good time, get a lot of laughs and have one nite of simple enjoyment. We will feel the Junior circus is a success if you come, back us up and join in the fun. We will expect both young and old. It is everyone's night. So we'll be looking for you.

Miss Young Receives Honors At Denton

Denton, Texas—Miss Jean Young of Hamlin, senior student at North Texas State Teachers College, has recently been elected vice-president of the Elementary Council on the campus.

The Council includes students majoring in elementary education, and those interested in child development.

The daughter of Mr. and Mrs. E. G. Young of Hamlin, Miss Young is a member of the Senior Current Literature Club, the Psychology Club, and the Junior Current Literature Club.

Mr. and Mrs. M. A. Drummond and infant son spent the day last Monday visiting Mrs. Ira Branch of Rotan.

ting in cold winds and wintry mists. We remember that the odor was never very attractive. And that's the situation.

Can we do something about it? Should we do something about it? Was the good lady talking "out of school" when she mentioned it to Ye Editor? Let's all think a little and act a whole lot.

In the first place it will take some money to recondition the building. But it is worth whatever it costs. A competent survey should be made, and definite reconditioning should be planned, contracted, carried out to the letter, sure and substantial from the dirt bottom of the walls to the peak of the top. Maybe every bit of the old cornish should be removed, and stuccoing should be done to cut out bats and rain; maybe new window sash would be needed, new moulding set in around the frames after caulking; maybe new and better hail screen window frames and screening would have to be set in; maybe considerable pointing of brick joints would have to be done; note that many bricks have been pounded in or out in the east end of the building by perhaps the throwing of base balls against the wall; double wind-proof entrance doors should be set in; probably the fire escapes on the ground should be erected, maybe not (but something should be done with them.)

We have not said a word about the inside, the walls, the heating, the lighting, but we do know that some of the rooms need an ample set of the newest florescent lights to enable pupils and teachers to see and not injure their eyes. It is a big job, yes, and would be bigger if we had to build a new house. Wonder if it would be out of place to select or invite 100 parents of that school building, to inspect, and then sit down and talk it over with the school board? Whatever is done must come out of the pockets of the people... and those who have no children up there should be interested YET.

Well, good lady, we could say more but maybe it is best to get this off in broken doses. So much for this time.

Looking Forward To Help The Red Cross

Chairman for the 1944 Red Cross War Fund Drive, to be conducted next March, will be named at an early date, Harold Bonner, chairman of Jones County Red Cross Chapter of Hamlin, announces.

Norman H. Davis, chairman of the American National Red Cross, has told the Red Cross central committee in Washington that it will be necessary to ask the American public next March for a sum "which will be at least \$200,000,000." He has recently returned from an inspection trip to England, North Africa, and Sicily, and reports operations of this organization overseas are expanding tremendously, with increasing demands for more new services and expansion of existing services everywhere.

Last year's drive for American National Red Cross was \$125,000,000, and Jones County, as most of the counties throughout the nation, oversubscribed the quota set for it.

Women Learn More Of Canning Chicken

Carlton women met in the home of Mrs. F. W. Poe, Thursday for a chicken canning demonstration under the direction of Clara B. Long, County H. D. Agent. Mrs. Poe and Mrs. Eric White furnished the dressed chickens.

The chicken was removed from the bone raw, steamed and then processed. The bones were processed for broth.

Mrs. Long killed and dressed a fryer while the meat was processing.

The hostess showed the women her tub gardens, one with tomatoes around it and one with pimientos around it and explained to the group how it could be done. She also showed the group a rocker she had given an oil finish and put a hong kong grass seat in.

The agent had on exhibit canned chicken in jars, white, dark and ground meat, giblets and broth; she also had an exhibit of canned beef, roast, steak, hamburger and stew meat. Mrs. Brown and Mrs. White will be hostesses to a beef canning demonstration in the Hanna community some time in the winter.

The group adjourned to meet the 29th day of Nov., the meeting place to be set later.

—Clara B. Long, H. D. Agent

Plenty of Work to Be Done By Red Cross

Work of Jones County Red Cross Chapter under the chairmanship of Harold Bonner, Hamlin, received official praise at an executive board meeting in Stamford, Monday night, when Mrs. Kenneth Jameson, general field representative of American National Red Cross, addressed eleven members present from three towns of the county.

Mrs. L. M. York, production chairman, offered her resignation effective October 31. Report on new officers for the chapter was delayed as also was naming of new home service chairman.

Since Pearl Harbor, Jones County Red Cross home service has handled 947 cases. In production, 214,200 surgical dressings have been shipped and work on soldiers' kit bags and 350 bedside bags is under way. A new project of making bandages from reclaimed Holland cloth off tire recaps is being set up.

Junior Red Cross activities are getting under way in Anson, and a new film will be sought for showing in Hamlin, Stamford, Anson and other points. Day-room furnishings for WAC rooms and Tye Air Base are needed. Mrs. E. M. Pittman, Anson, Camp Berkeley Hospital Service Council member, reported.

The next board meeting will be January 10th. Chairman Bonner and Mrs. C. F. Butcher, chapter vice-chairman for Hamlin, attended the Stamford session.

Mrs. Eunice Thompson, who has been ill for several months and was taken to the Stamford Hospital two weeks ago when her condition became worse, is reported to be improved and on Wednesday morning was taken to Fort Worth for special treatment. She was accompanied by her daughters, Mrs. Austin Poe and Mrs. Irene Tupper.

J. J. Waggoner Hurt In Car Wreck Thursday

Early Thursday morning of last week J. J. Waggoner and J. S. Johnson were in a bad car wreck near Clairmont, while on their way to New Mexico.

Mr. Waggoner came out with his right arm broken just above the wrist, and a lot of skin scraped off his shins. Mr. Johnson received a gash on his forehead. First treatment was given in Jayton. They suffered considerable shock, but after a day or so, they both went about the streets as usual.

Mr. Waggoner says it just happened, and he is not sure how or why. His car had a head-on collision with a truck loaded with maize heads, driven by a Mexican. The Mexican was not hurt but his truck was demolished. J. J. says he told all of them they were luckiest-unlucky fellows. And he was right.

Hamlin's Business Streets Being Swept

For some time it has been hoped that the City would do something to make Central Avenue cleaner and more attractive. It is now a reality, thanks from all and everybody.

Mayor Culbertson says they are sweeping the street to the side curbs three times each week now and since that is being done, nobody needs to tell anybody about it. It is so outstanding till even a blind man can feel it.

It is not much trouble to keep a town clean, provided everybody is "clean conscious." Mr. Culbertson says he has been making some early morning inspections, down town. He says it is a common thing to see janitors for the several stores sweeping floor sweep, trash and papers of all kinds out on the front and down upon the street. That certainly is no incentive for anyone to spend time and public money, trying to make the "front yard" of Hamlin look like clean people live here. There is a way to stop wrong things being done, or stop something that is being done wrong. Instruct the "law" to notify the guilty that what they are doing is a forbidden act, and to do it right or take the consequences. We believe in doing things, strictly according to what is expected, and no quibbling, especially if that something is damaging to the other fellow.

Now there are a few other wrongs to be righted. One is that a street sweeper can not get to a curb where a car is parked. After the night sweeping gets started, in such cases, the car should be dragged away, and the owner fined for over parking to hinder the cleanup. Another thing, a few trash cans properly stationed would help, especially if they carry something like "Help Us Keep Hamlin Clean" on their sides.

Hamlin authorities are to be congratulated on the improved downtown parking. We note in some of our neighboring towns that the parking is terrible. Better not stop there unless you are prepared to stay till the fellow behind you gets out of the way. Generally people do what they are allowed to do.

Keeping little towns regulated is a big job. Most folks think, "Ah, well, I'm at home, I can do just any way, anything, anytime, who cares, and who dares jump me about it." That kind of attitude is what pulls down any place. Folks who DO care, will not remain long in such places, and ere long we see the don't-care place having houses to rent, and no renters.

Here's another appropriate suggestion: Gaps in our business houses, with burned and broken fronts, frames, with rubbish gracing the background does not leave good impressions. Wonder if a little co-operation along this line would not be worth something, in the long run, in dollars? Let's all look around, speak up and let's all help.

Thank you, Mayor, for a cleaner Central Avenue.

Folks, let's not expect cleanliness unless we think twice before we throw slop and trash on the public street ways.

CAKES AND CANDY

The Seniors will sell cakes and candy on Main Street, Saturday. If you want to buy a cake, call 451.

Ration Book No. 4 To Be Issued At School By Teachers Oct. 21-23

The teachers of the Hamlin public schools with the assistance of volunteer workers, will issue three thousand ration books to the people of Hamlin on Thursday, Friday, and Saturday, October 21, 22 and 23. This is Book No. 4.

In order to handle this registration, with the least delay to the registrants, the following observations are made:

1. In order to receive Book 4, you must have Book 3 with the front completely filled out, except that it need not be signed by a member of the local ration board. The address and information on the front of Book 3 should be correct and one of these books must be presented for each and every member of the family desiring Book 4.

Each member in the family is entitled to one Book 4, provided he has received and possesses one Book No. 3.

2. Any member of the family, provided this member is sixteen years of age or older, may register for the entire family.

3. Application blanks will be supplied to registrants at the time they come to register. No application blanks need be filled out prior to registration.

4. Registrants are requested to report to the auditorium entrance, High school building, according to the following schedule:

Thursday, October 21st

8:30 A. M. to 10:30 A. M.—A-B.
10:30 A. M. to 2:30 P. M.—C-D.
2:30 P. M. to 4:30 P. M.—E-F-G.
4:30 P. M. to 6:30 P. M.—H-I-J.
6:30 P. M. to 9:00 P. M.—K-L-M.

Friday, October 22nd

8:30 A. M. to 10:30 A. M.—N-O.
10:30 A. M. to 2:30 P. M.—R-S.
2:30 P. M. to 4:00 P. M.—T-U-V.
4:00 P. M. to 6:30 P. M.—W-X-Y-Z.

Registration for Negroes

Saturday, October 23rd

8:30 A. M. to 11:00 A. M.
A through L.
11:00 A. M. to 2:00 P. M.
M through Z.

(Office Over Waggoner Drug Store)

THIS WEEK

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

—MARRIAGE is a pretty good subject to start off with this week. —If anyone asked you what is the foundation of a great government, a pretty good answer would be "Marriage, home and family life" as exemplified in mass of the English peoples around the world.

—Last week our Justice of the Peace, Mr. C. G. Green, experienced some more marriage ceremony. He takes it seriously, as all marriages should be. A fine Jones County couple appeared before him for the official tie and the J-P did it in due and ancient form, concluding by the usual "and now by the authority vested in me by the laws of the State of Texas, I pronounce you man and wife." Then there was a slight pause, the official bowed his head and started "and may God". By the time those words were spoken, the groom had his pronounced wife by the arm and was making for the door. The J-P caught his breath in the midst of the solemn sentence and cried out, "Wait young man, haven't you forgotten something?" The young husband slacked his step, looked slightly blank and replied, "Nope, guess not" and scurried away, leaving Mr. Green catching his breath, holding a used license in one hand and the other outstretched, very empty. Such is life.

—From all reports and jabber, it would seem that the Five Senators who took the battle fields ramble, should have remained at home. It is reported that they were allowed \$85,000 to make the jaunt, with the cash to be spent under certain circumstances. Now we have FIVE more experts, five generals, admirals or something in congress telling what is wrong, what is going to happen and above all, chopping away at those in authority who have handled the war problems. Guess they should have been heading the game all along, and then everything would be perfect.

—Back here in Hamlin: Let us remember that when the bulk of the people in any community are so satisfied that they can not see where any improvements can be made, it is just the beginning of the end. Are you satisfied with everything in Hamlin? Has everything been done that we need to have? OK if it is fixed, then all we have to do is to live along lazily, and wait for the funeral director. At least this is something to think about.

Mrs. W. E. Dunham is in Chickasha Oklahoma, spending two weeks with Lieutenant and Mrs. Harold J. Cross who are entertaining a new son born Sept. 30. His name is Michael William Cross.

Tumbling Into The Victor Group

It is always a peculiar joy to predict. It is no disgrace to fail in your predictions. So here we go again.

Some weeks ago this paper predicted that Italy would be out of the fighting by October 15 (that's today). As a government, Italy is through fighting against her best friends. She got into bad company during the disturbed days after World War I, and began to feel that one bull-necked Mussolini was going to promote them to a land of bounty filled with milk and honey. Anybody who takes off after such a wild man as Hitler, will always wind up in a sad plight. That's where Italy is right now. The people who followed strange ideas, and fought against their friends, now find themselves in a state of death and destruction by the Hitlerites, with their government in a state of anarchy, a foolish bunch following old bull Muss, and the other half, or better, following the King. Who fights what?

But Italy has tumbled into the

fold where there is life and security.

Portugal has also seen where her bread is buttered and has offered her islands for use in helping put an end to Hitler. The tumbling into United Nations' lap has started and here is predicting that within the next thirty days, Bulgaria, Roumania and Finland will be getting under the United Nations' shelter. What about old Ireland? Ah, what about the Irish? Where do they stand in the estimation of the world? Wonder if old Ireland has any respect for herself? Then there's old Spain, crippled old Spain, once a great Empire of the world, old Spain who, like Italy, followed after ambitious politicians, thinking such old buzzards as Hitler and Mussolini could do something for their nation. . . . old Spain will likely tumble into the shelter just before the final day of Hitler's agony.

Now we are going to predict again that Germany will crack by Dec. 15. That's two months yet to go. Most Germans, around Hitler, are smart people, and if they have a speck of reason left, they ought to see now that the farther they fight the worse it will be on their land. They are

whipped and within the next thirty or fifty days, they will likely see Greece, Albania, Yugoslavia and all of Italy go out of their hands. From there on she will fall fast. Maybe not by Dec. 15, but America's big machine is now rolling, and as it goes it gathers speed. Certainly there is to be a hard fight yet, and the more we have to throw at them, and the more to do the fighting, the less it will cost in lives and property. All we have to do now is to keep our heads and quit listening to the political rabble that precedes a campaign year. Let's win the fight and play politics after.

Mr. and Mrs. Ted Smith have returned to their home in Hamlin on Jackson Avenue after being in Lipcomb County building a highway. Ted says he is going to let road building rest till after the labor situation gets better. In the meantime he will look after his ranch in Stone-wall County.

Mr. and Mrs. Fred Hulsey left Wednesday morning to visit his father who is seriously ill near Nashville, Tenn. They were accompanied to Nashville by S-Sgt. Teddy Russell who had been here for a visit with his parents, Mr. and Mrs. W. C. Russell.

Services will be held at the Hinson church Sunday morning and night by Rev. L. R. Jones.

Mrs. Fred Carpenter's mother passed away Tuesday night at her home in Leonard, Texas. Mr. and Mrs. Carpenter went to her bedside on Tuesday of last week, when she became very low. She was 81 years of age. Mr. Carpenter and son Tommy came back last Saturday.

Mr. and Mrs. Walter L. Hunter and daughters, Miss Fay of Abilene and Mrs. Bernia Reid and husband and Louis Mack, the grandson, went to visit their son, Pfc. Walter L. Hunter Jr. and wife at Garden City, Kansas, last Sunday. They should be back home by now.

U. S. Casualties To Date 105,205

Announced casualties of the United States armed forces from the outbreak of the war to date (whose next of kin have been notified) total 105,205, according to War and Navy Department reports. This total includes: dead, 20,104; wounded, 28,226; missing, 32,905; prisoners of war, 23,970.

One Corporal Gets Five Japs

An army corporal, who failed to get the order to withdraw, recently killed five of an attacking eight-man Japanese patrol, then found to his astonishment that he had been left alone far in advance of his marine companions. Corporal Henderson, whose home is in Cannonville, Utah, explained: "I figured they were still with me, so when the Japs came in sight I opened up with my tommy." After he had killed five of the Japs, the other three ran. It was then Corporal Henderson discovered he was alone. He spent the night in the jungle and walked in for chow the next morning.

My old school teacher used to say "Never use a preposition to end a sentence with."

Peter Molyneux, noted author and magazine writer of Dallas, tells of a wealthy Fort Worth man who, some years ago, went to Europe to consult an eminent specialist. The physician said, "Return to America and go to Texas"—he had not asked where the man was from—"to a place called Mineral Wells and drink and bathe in the waters there."

Tom Foster, widely known Texas newspaperman, now in the Seabees, is happy over the fact that the 99th U. S. Naval Construction Battalion of which he is a member has been christened by Governor Stevenson as the "Lone Star Battalion." One-fifth of its members are from Texas. Commander Richard R. Cook said that, while he is a loyal West Virginian and the battalion has men from every state, "we are proud to be significantly honored by such a great commonwealth."

At present the Herald can be had one year for \$1.00 anywhere.

Inzer Pharmacy

I GIVE YOU TEXAS

(By BOYCE HOUSE)

Expressive expression: He resembles an accident looking for a place to happen.

Chapultepec Castle is one of the most interesting places in Mexico City. The castle, known as the "White House of Mexico", has served as the residence of presidents and was the home of Emperor Maximilian and Empress Carlotta. "Chapultepec" means "grass-hopper" and there is a huge bronze statue of a grasshopper beside the pool in the yard. Situated on top of a hill in the edge of a great park, the castle commands a magnificent view of the city. The edifice is a show place, open to the public, and one admires the ornate and costly furnishings which the luxury loving empress imported from France. Some of the rooms have silk walls; the dining room is lined in satin.

One thing that could be rationed without any inconveniences to me is alleged "news" about the frequent divorces and marriages of that millionaire no-good, Manville. In fact, all his doings could be left out of the public prints entirely, and no loss. We have things more important to think about. Besides, there's a paper shortage.

After seeing all the front page space devoted in some of the metropolitan dailies to the domestic difficulties of the former heavyweight champion, it is refreshing to pick up a typical home town newspaper, such as this, and read the wholesome news about worthwhile Texas people who are doing clean, worthy things. One city editor tried to defend himself by saying that it wasn't he but the Dempseys who did the things chronicled. Maybe so, but he didn't have to print the stuff.

The other day as I was in line to pay my lunch check, I noticed on the counter a small stack of chocolate bars—the first ones I had seen in several months. The man ahead of me picked up five but the cashier explained that the limit was one to a customer, so he had to put back four. As a result, four other persons—who had just as much right to enjoy a chocolate bar as that human hog did—were able to buy one.

And yet there are some people, including one or two in public office, who insist that rationing is unnecessary.

A story from the other World War about to serve as sentry for the first time, a colored soldier was being instructed by his lieutenant: "If you see anything move, you challenge and then you shoot; do you understand?" Sam replied, "Yas suh, and vice versa." The officer asked, "What do you mean by vice versa?" The darkey answered, "If something moves, I shoots; if something shoots, I moves."

A negro sergeant said to a bunch of colored rookies: "From now on when ah blows dis yere whistle, ah wants to see a huge cloud o' dust come boilin' outa dem tents, an' when dat dust clears away, ah wants to find two rows of statues."

There was another negro sergeant who said, "When I says 'Eyes right' ah wants to hear dem eye-balls click."

If you visit the Lower Rio Grande Valley, the miracle of its development is right before your eyes—the before and after. You see not only the great groves of grapefruit and orange trees, which produce thousands of carloads of fruit a year—but, in many instances, you see just across the road, the brush country, in its untamed condition. Spanish bayonet, prickly pear, ebony trees, mesquites, vines and thorny bushes so thick as to seem almost impenetrable except to a man swinging a machete.

Information from Pfc. Claude Haught is that he has marked up one full year in the army and to celebrate the time they awarded him the good conduct badge. This is one of the best compliments a soldier boy can get. Good conduct means a fellow is quite a gentleman in the army as well as at home. Pfc. Haught is in the Medical Dept. of the Air Force in Lincoln, Neb.

Pfc. Ben Smith Jr. came down from the Amarillo Air Field to visit a short time with his mother, Mrs. Ben Smith.

About Soldiers--Sailors

Lieut. and Mrs. Frank Hillier came down from Kansas on Thursday of last week and visited with his parents till Sunday. Frank was over Hamlin recently in his big new bomber and saw his mother out in the yard.

Sgt. Shonnie Patterson, son of Mr. and Mrs. Billie Gray of the Hinson community, arrived home Sunday. Shonnie came back from North Africa about Sept. 22 on a disability experience. He was not wounded, but is handicapped by an infection over his left eye, caused from a case of sinus down in Florida. Sgt. Patterson served six months in Africa, getting there just after the main battle was over, but he witnessed some bombing in July, however. He came back through the Holloran General Hospital in Staten Island, N. Y., then to the Ashburn General Hospital at McKinney, Texas, where he will likely remain till his final discharge. He was in the Medical Department, helping to operate First Aid Stations.

Seaman T. N. Harrison, C-Sp. spent several days here with his wife, the former Frances Eddie Beck. He returned to his base at San Diego Thursday.

Several of the soldiers at Bryan Field are at home this week, pending some kind of movement of their organization. We see that Pvt. Jack Russell and his wife; Sigmund Stovall, and Flether Nicholson, all came up Saturday or Sunday. They seem suspicious that they are going to change climates.

Pvt. Bill Harrison arrived home Sunday from California to spend 15 days at home with his parents, Mr. and Mrs. W. H. Harrison. He has had nine months of the army and this is his first time home.

The Navy got another of Hamlin's teachers this week. He was J. A. Beam, teacher of history, whose home is in Abilene. His call came Monday and he left for San Diego on Wednesday. He had expected to finish a course of his college work by correspondence and be permitted to hold his teaching job till January. He told the Herald he would drop up a card as he passed through Honolulu, late in the winter.

The Witt twins are not forgetting their Pied Piper buddies while they are getting accustomed to army life in Ft. Sill, Okla. We got a letter from Dean Tuesday, starting off, "Well, how's dear old Hamlin. Wish I were there." You see folks, these kids played foot ball here last season and like all the rest, would give an eye tooth to be back here this Friday night and boost for the Pipers against Stamford. Dean, The Herald will be down there and we shall yell for you. If the Pipers fight like their buddies in the army, they will show up fine against Stamford. Yes, Dean we know your girl and we will wink at her for you. Hope you are right about the war not lasting much longer and that you will soon be at home.

Mr. and Mrs. D. M. White, who had not heard for 44 days from their son, S-Sgt. G. T. White, who was in the invasion in Italy, received a telegram Tuesday saying, "I am well and doing fine, don't worry about me, Love, G. T. White."

Pfc. Melvin Butler came in last Friday from Philadelphia where he had been in Battery A, 541st Anti-Aircraft. Melvin brought his final discharge with him. He was let out because of foot trouble. He is a father now, you remember, a boy was born to his wife last May. This leaves only three Butlers in the service—two overseas and soon another.

Curtis Burkett, sailor, Petty Officer First Class, a brother of Mrs. Art Carmichael, visited here Saturday and Sunday. He is in the Seabees and recently arrived from the Aleutian Islands.

Bobby Barrow was up a few days ago to visit home folks while his sister, Miss Mildred, was here for her vacation from the hospital in Temple. Bobby is training for the Navy and Miss Mildred is a nurse.

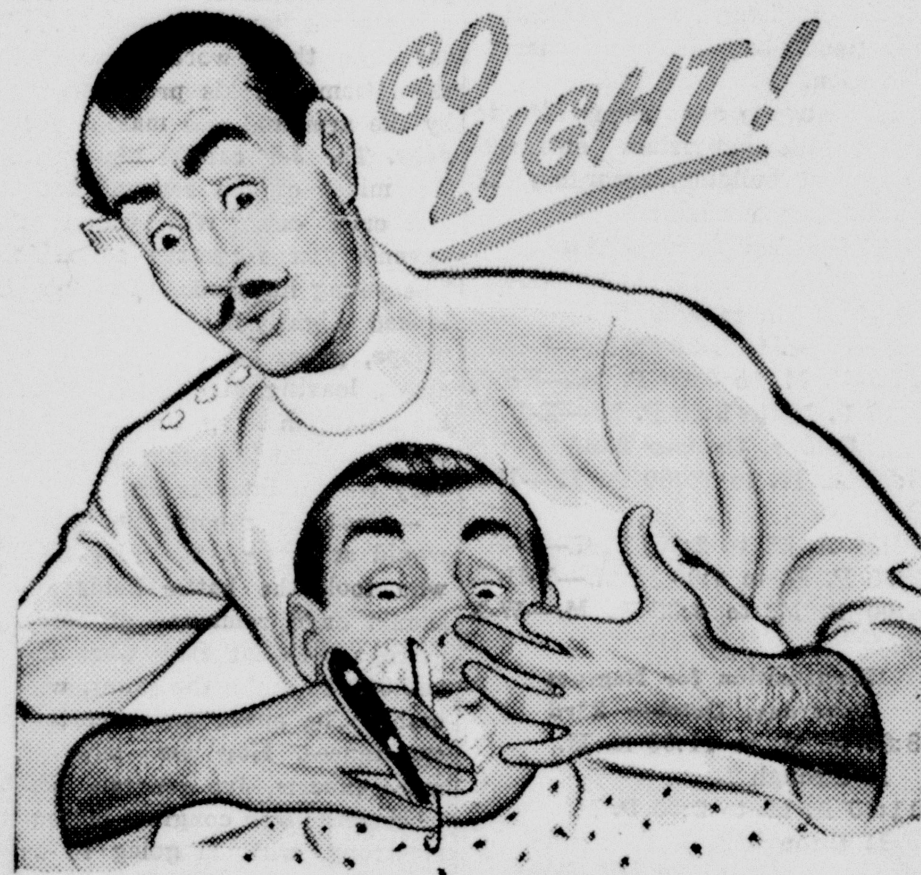

It may seem sometimes that the Herald is neglecting our girls in the war service. But NOT at all. We are always glad to learn what the Hamlin girls are doing in the great struggle. For example, there's Miss Frances Bailey, who is an Army Nurse in India. She writes her parents, Mr. and Mrs. Ed Bailey, and says she is getting along fine. She starts her letter off, Sept. 24th.

"India: Gee but it is hot here gain, just hope it will get cool soon. If you have an August 15th Life Magazine, you will see where we were at a Rest Camp. That was a wonderful place for a vacation. The war department is making some records in this theatre. They are taking our pictures and they will probably be in the Fort Worth paper. The department will write you a letter, saying what date the recording will be broadcast, but it may be months. I am getting the Herald fine now, and enjoy the soldier-sailors corner very much." Miss Bailey seems to be getting things from home and is seeing a lot of this great old world.

Now here's a sailor, a boy who knows what a sandstorm is as it comes out of Fisher County, making the sun look a pale yellow, sickly disc. . . . but now he's a sailor on the briny oceans (maybe). Let's read a bit of his letter:

"Yes, sir, folks, I am really seeing the country now. From San Diego up to Washington, then back from Washington to a desert place not far from San Francisco. . . . and we are expecting to be on the move again. There is one good thing about the Hamlin Herald. You don't know how glad I am to be getting it wherever I go. It seems to be keeping up with me instead of my keeping up with it. This good news makes a boy more cheerful and love for his country becomes greater. Although we can face the bad news with our chins up. There is a lot of bad news now, but let's all take it like Americans. The war is turning our way now, and has been for some time. We should be more thankful than we are."—Signed Glen Olen Butler, S 2-C.

Pvt. H. Q. Hall was-at-home last week from Camp Abbott, Oregon. He has been in the service only four months, and was lucky to get an early furlough. There are three Hall boys in the war service. Sturgess is in England and the other, Dick R., is up in Alaska. Their father is A. C. Hall.

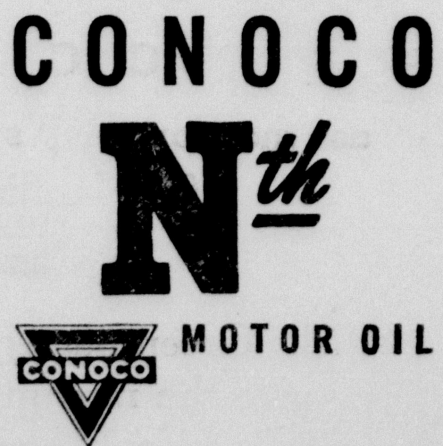

Overweight Oil Undermines Your Car

Why Lightest grades of oil are made safe for you
by changing to Winter OIL-PLATING

Any oil that has been doing its best in your car for a while back, will be badly overweight this Winter. Everything ever said about not being caught with overweight oil goes double today on account of rationing. Your battery has been undercharged, because your car now runs fewer miles per start. Your gasoline has been wasted by the drag of overweight oil. Your engine has been abused because it hasn't been warm steadily enough for ideal lubrication. Your car could approach the end of its rope with any overweight oil apt to become jelly-like. Before Winter causes that, go light.

Whatever you do, change oil for lightness. At the same time though, you can make the whole big change to an OIL-PLATED engine, by getting popular-priced Conoco Nth motor oil—just as light as needed. OIL-PLATING is applied to inner engine surfaces as closely as chrome plating on your bumpers. The "magnet-like" properties of a Conoco Nth synthetic are the basis of OIL-PLATING. No plating would all drain down to the crankcase fast. It can long remain at its topmost point to safeguard the very first starting stroke. And right after that, even the lightest Conoco Nth oil assures an extremely strong normal type of fluid oil film. Oil film and OIL-PLATING are both present to rebuff wear, and that's how your engine can go through a long Winter—and a

long War—always using its lightest possible Nth oil economically. Change at Your Mileage Merchant's Conoco station today. Continental Oil Company

Dread Engine Acid is Fought by OIL-PLATING

Normal combustion always leaves acids inside of your engine when it stops.

Formerly it seldom stood idle long. Soon mileage and speed heated your engine enough to oust acids.

But nowadays rationing may force long rests, while corrosive acids gnaw. To combat corrosion, metals are plated. You combat acid corrosion with your engine OIL-PLATED.

AMAZING WORM MEDICINE

PHENOTHIAZINE is called the "wonder drug" because it is effective in treating more kinds of livestock for more kinds of parasites than any other drug known up to now. Treatment is simple—in many cases it can be given with feed. Cost is but a few cents a head. Livestock is too valuable today to take a chance. If you have worm infested CALVES, CATTLE, SHEEP, GOATS, HORSES, MULES, SWINE or CHICKENS and TURKEYS, try treating them with this amazing new preparation. Complete directions on bottle label.

IT COSTS TO DIE

How much will it cost to meet the expenses incurred by a death in your family? If you have never had the experience, the cost will surprise you.

Enumerate the cost by allowing so much for each of the following expenses: doctor bills, hospital bills, medicine costs, ambulance service, cemetery marker, funeral expenses, casket, etc. From \$200 to possibly \$3,000.

The First Step In Life Insurance, then, should be to secure a Family Burial Insurance Policy that will pay CASH to meet these expenses.

For complete explanation confer with:

C. G. GREEN Insurance Agency ("All Kinds of Insurance") Office Over Waggoner Drug Store "No Better Protection Than Insurance"

FIVE LOGICAL STEPS

For

COMPLETE LIFE INSURANCE

First Step: Family Burial Insurance Policy that pays CASH for burial purposes.

Second Step: Emergency Policy to pay off mortgages and other debts in case of unexpected death.

Third Step: Ample Life Insurance to care for loved ones left without your income.

Fourth Step: Endowment or Income Policy for your own financial support when you reach the "Sunset" age.

Fifth Step: Family Hospitalization Policy.

For complete explanation confer with:

C. G. GREEN Insurance Agency ("All Kinds of Insurance") Office Over Waggoner Drug Store "No Better Protection Than Insurance"

THAT MORTGAGE DEBT:

Death is so often unexpected, and when this happens to the family provider his dependents left behind feel so greatly relieved to know that he left Emergency Policy to pay off the mortgage and other debts. They then can receive full benefits of his other insurance.

The Second Step in Life Insurance, then, should be to secure Term Insurance to cover such expenses. Term Insurance is issued at a rather low rate.

For complete explanation confer with:

C. G. GREEN Insurance Agency ("All Kinds of Insurance") Office Over Waggoner Drug Store "No Better Protection Than Insurance"

Mr. and Mrs. O. E. Brandon announce the birth of a son, Robert Lee at the Stamford Hospital on Sunday, Oct. 10. He is the grandchild of Mr. and Mrs. W. B. Dobbins of Hamlin and Mrs. C. E. Tucker of Anson.

Miss Joyce Hudson, who is employed in Camp Berkeley, spent Sunday here visiting her parents, Mr. and Mrs. M. T. Hudson. She was accompanied by Lieut. Earl Misener, of Camp Berkeley, who was also a guest in the Hudson home.

SYLVESTER NEWS ITEMS

By Merrena Vaughan

The High school sponsored a concert given by the Stamps Pilgrim Singers on Saturday night. A good crowd attended.

Pvt. Pete Beeson returned to town on the sixth with a bride, the former Miss Kemp of Lubbock. We wish you both good luck.

Miss Pattie Garrett spent the week end in Roscoe visiting relatives.

The Rev. T. M. Harrold of Abilene has accepted the call of the Baptist church and will fill the pulpit on Sunday. We welcome you, Rev. Harrold.

The Sylvester Cardinals won their game over Hobbs 20 to 0 on last Friday. Good going, boys.

Mrs. Glenn Edwards and young daughter Barbara has joined Cpl. Edwards in Liberal, Kansas.

Pvt. A. J. Cook is spending his furlough with his parents, Mr. and Mrs. Henry Cook.

Billy Perrin, S 1-C of Portland, Oregon, returned to his base this week after spending several days visiting his grand mother, Mrs. A. W. Pursley. Mrs. Fred Fountain also visited her mother, Mrs. Pursley the past week.

The Lee Powells have sold their home and furnishings and are moving to California.

Mrs. Bill Thompson and Mrs. Al-

len Josey spent Monday afternoon shopping in Sweetwater.

Mrs. T. J. Farmer is quite ill in the hospital in Abilene. We do hope she will soon be better.

Mr. E. C. Kiser and Mr. J. A. Edwards were in Stamford on business Monday.

An all day singing held in Pledger on Sunday was enjoyed by a number of the Sylvester people who attended.

The Methodists and Baptists have packed and sent packages to our boys and girl that are overseas.

The Fourth Quarterly Conference met with the Methodist church on Sunday.

The Herald wishes to acknowledge the receipt of \$2.00 from Mrs. T. C. Farrow, of 3012 Edgehill, Fort Worth, for the Herald to R. J. Burns of the USNAS at Hutchinson, Kansas, and for B. T. Farrow, Store Keeper 3-C, another Hamlin sailor boy who is somewhere (it seems) in the Pacific. So the Herald keeps on expanding to our friends all around the world.

Miss Leta B. White of McAllen, is here for a visit with her parents, Mr. and Mrs. D. M. White. She was accompanied as far as Anson by Dr. and Mrs. Rutherford who are visiting in the home of Dr. and Mrs. Bowyer.

Mrs. Herman Boyd and children, Labetta and Billy of Odessa, came Tuesday to visit her parents, Mr. and Mrs. D. M. White.

We
Built
the
BARREL
BIG

EARLY in the war the electric industry received this challenge from the War Production Board, Production division.

"You'll have to produce fantastic quantities of electric power to keep the nation's war production going up and up. It'll be tough—because the copper and turbines and machinery you need won't be easy to get. YOU'LL BE ASKED TO SCRAPE THE BOTTOM OF THE BARREL TO HAUL OUT MORE KILOWATTS!"

Fortunately, we had built the barrel big... Big enough to keep production lines roaring! Big enough to meet all the power needs of factories and training camps—and still supply your home without rationing—at bargain prices!

Today, America is producing five times more electric power than it did in the last war—outproducing all of the Axis countries combined!

Was it luck that we built the barrel BIG? No, the electric companies under business management—which supply over 80 per cent of the nation's power—have developed the habit of planning ahead. That private enterprise habit has helped us to give you friendly dependable service—and it has enabled us to meet the challenge of America-at-war!

GASOLINE—In states outside the East Coast area, A-8 coupons are now good.

SUGAR—Stamp No. 14 good for 5 lbs. through October. Stamps Nos. 15 and 16 good for 5 lbs. each for home canning through October 31.

SHOES—Stamp No. 18 good for 1 pair. Validity has been extended indefinitely.

MEATS, FATS—Brown stamps C, D and E good through October 30. Brown stamp F becomes good Oct. 17 and remains good through Oct. 30.

PROCESSED FOODS—Blue stamps U, V and W expire October 20th. Blue stamps X, Y and are good thru November 20th.

Register For Book No. 4 In October

Exact dates and places for registering for war ration book four, which will take place during the latter part of October, can be obtained from local newspapers or radio stations. Persons registering must have a war ration book three for each person for whom they are obtaining book four. Stamps labeled "Coffee" in book four were printed before coffee rationing was discontinued. Any rumors that it is to be resumed are unfounded, OPA says.

Esther Hastings and wife are moving this week to McCamey where he takes a place with the electric plant.

Hamlin Pied Pipers Beat Munday Moguls In Conference Game

Hamlin plastered Munday last Friday night to the tune of 44 to 13. Hamlin started their offensive in the early part of the first quarter when Barnett went through the line from the 2 yard line to score, after the ball had been worked to that point from down field by Myers, Low and Barnett.

Low slipped over from the 5 yard mark to score Hamlin's second tally. Barnett went on a 30 yard gallop to end the first quarter's scoring.

In the second quarter Buddy Gafford of Munday ran 10 yards to score. Zack Gray converted.

For Hamlin, Barnett passed 20 yards to Adair, who scooted the remaining 10 yards to score again. The next score came when Low raced 19 yards to tally and Myers ran the extra point over. In the third quarter Barnett passed 20 yards to Myers and then easily scored from the 2 yard line.

In the fourth quarter Low scored, as did Myers, to end Hamlin's scoring spree.

Just before the game ended, Gafford of Munday seized a kickoff and raced 87 yards to score Munday's second touchdown of the game.

Tonight the Pipers take on the Stamford Bull Dogs in the second conference game. It ought to be a "dog-gone" good game.

Guy Wilson has been transferred to Illinois as field auditor for Oil Well Supply Co., after completing a three months' training course in Dallas, Odessa and Anson.

Clubs-Society

Woman's Literary Club Honors President

The Woman's Literary club met on October 8 at 10 A. M. in the home of Mrs. Henry Albritton, honoring the new president, Mrs. Art Carmichael, with a morning coffee.

The rooms were beautifully decorated with autumn flowers and berries carrying out the club colors, white and gold.

Mrs. W. A. Albritton presided at the silver coffee service, and was assisted in serving by Mmes. E. J. Whaley and John D. Ferguson.

Mrs. Henry Albritton presented the new year books, and introduced the president, Mrs. Carmichael, who then brought a most inspiring message.

Response was given by Mrs. Bowen Pope.

A brief report on War Service work was given by Mrs. R. D. Moore.

The club was then adjourned by the president.

Notice the date after your name.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
For Coughs, Chest Colds, Bronchitis

Seniors Busy With Class Activities

The Senior class met Oct. 16 to elect the candidates for High school favorite and class favorite. Billie Jean Holland is the candidate for High school favorite. Her escort is Carl Myers. The candidate for Senior favorite are Billie Kathryn Lancaster, Maedean Maberry and Frances Gardner. Their escorts are Buck Joiner, John Lee Barnett and Jack Harden, Jr.

Blue and silver were chosen for class colors. The class flowers are blue and white cornflowers.

The Senior class parents are Mr. and Mrs. Z. T. Wilson and Mrs. and Mrs. M. T. York.

Sophomores Elect Queen

The Sophomore class met on Tuesday, Sept. 28. The meeting was to elect the sophomore queen, escort, ladies-in-waiting and a new sponsor. The class was sorry to lose one of its sponsors, Mr. Wilson, who went to Notre Dame.

Mrs. May was elected as a sponsor. The queen elected was Diane Carlton. Escort, Brad Rowland. Ladies-in-waiting, Elaine Jones and Bebe Shelton.

The sophomore class would also like to thank the public for helping them by buying rummage from our rummage sale Saturday, Oct. 2. The sale will be continued.

Miracle on Farm Front To Meet New Food Goal

Conservation Farming Proving to Be Godsend

Total war requires total production. This is as true of essential crops as it is of armaments, and the miraculous achievements of factories are being matched by miraculous production on the farms of America to meet greater food goals.

The big objective of World War I was, as today, to win the war, and all efforts were toward increased food production on American farms. However, the methods being used today differ from the methods used then, because farmers have learned a bitter lesson. They helped win the last war, but many lost their farms and their livelihood in the aftermath.

From earliest days there has been a mistaken idea that increased production meant a natural increase in soil ruined. There were a few progressive farmers who raised their voices early for action against soil erosion but their attempts were futile. As long as there appeared to be that inexhaustible supply of new land just beyond the western horizon, men preferred to leave the ruined land behind them, and to exploit new frontiers.

World War I created a sudden and abnormal demand for more food, with the emphasis on wheat. Agriculture's answer was increased food production through increased acreage. Wheat alone jumped from 47 to 74 million acres during and immediately following the war era. The increased acreage resulted from a big "plow-up" of land which in

Keep Machinery Going

Shirley Perry hammers out the prongs of a manure spreader while Gail Daily tightens the bolt on a wheel. These girls are taking a farm course so they can do their bit on the food line while many a farm hand is doing his bit at the front.

turn brought about the big "blow-up" from the dust bowl about 10 years ago.

When the black fog of dust winged its way across the sky and darkened eastern cities as far as the Atlantic seaboard, America realized that something drastically wrong had happened to its agriculture. Then the time was ripe, although late in the battle against soil erosion, for conservation farming to get its start. Adapting and improving the techniques of the early soil erosion pioneers, the work of the Soil Conservation service and the AAA has proved a Godsend to the United Nations in the present crisis. Because land is the farmer's chief business asset and because land is indispensable to the national welfare, the national farm program includes conservation as one of its objectives.

Curculio Threatens 1943 Peach Crop

Peaches are in grave danger of being destroyed by the curculio, if prompt and decisive control measures are not taken, says Dr. Clyde F. Smith, associate entomologist of the state experiment station at North Carolina State college.

He reports that about ten times as many beetles are being found this year as compared with 1942 and that growers will have more wormy peaches at harvest time unless they use every possible means of controlling the curculio.

Dr. Smith makes four suggestions for controlling the beetles and he says that all four methods should be used. First, collect and destroy as many adult curculios as possible by jarring the trees. Second, follow a proper spray program. Third, pick up and destroy all drops. Fourth, cultivate under the spread of the trees, as soon as wormy peaches cease to drop.

Farm Notes

When young pigs are old enough they should be pastured on clean ground—pastures which have been freed of worms and disease organisms by plowing.

Most farms have more than one type of soil which, with a rearrangement of field boundaries, could grow hay or pasture crops more efficiently than they are now.

Hamlin Couple Married In Dallas

Mr. and Mrs. Kenneth Scott are announcing the marriage of their daughter, Miss Mignon Waggoner to Mr. Garland Preston, son of Mr. and Mrs. E. A. Preston, of Hamlin. The wedding took place Friday evening, September 24, at nine-thirty o'clock in the home of a minister of the Church of Christ in Oak Cliff.

The marriage was the culmination of an early schoolyard romance.

The bride, a graduate of Hamlin High school, attended North Texas State Teachers College in Denton and Draughtons Business College in Abilene. Following her graduation from business college, she accepted a position in North American Aviation in Grand Prairie, where she is now employed.

Mr. Preston is also a graduate of the Hamlin High school and is employed at North American Aviation in Grand Prairie. He and Mrs. Preston are making their home in Dallas.

POT SHOTS FROM McCAULEY

BY GEO. DARDEN

McCauley Sophomores Organize

The Sophomore class met last week and elected their class officers for the year. They are: Sponsor, Mrs. H. P. Powers.

President, Johnnie W. Waldrop.

Vice-Pres., O. C. Prather.

Sec.-Treas. Robert Hicks.

Reporter, Mollie Sue Kean.

Room Mother, Mrs. W. C. Kean.

Colors are red and white, and the song is "Star Spangled Banner."

In the fall of the year most folks are too busy to report any news and ye old reporter keeps fairly busy with a lot of irons in the fire and unless you let us know about what is going on, then this column will be a shade short on local news. So don't get fretted if your visitors' names fail to appear in this column it will be all your fault.

Mrs. Ora Darden and children have returned to their home after a week's visit with relatives in Abilene.

Mrs. Etta Stephenson has been on the sick list for the past few days.

This scribe, his better half and daughter Bess visited Mr. and Mrs. Bill Pickron in their new home in Hamlin last Sunday afternoon.

A fellow told us the other day that most any man could get married in De Leon, Texas, as there were about seventy widows and grass widows in that little town, and happen to think of it, there are quite a few old bachelors in McCauley and it might be a wise idea for them to

saddle up or crank up and stroll over to De Leon some bright day—they say it's a mighty pretty country down there.

Randell M. Parker was killed when he fell from an oil well rig between Anson and Stamford last week. He is survived by his wife and two year old son. Mrs. Parker is the former Sallie Dick who was reared in this community and is the daughter of Rev. and Mrs. C. E. Dick of McCauley. Mr. Parker was employed by an oil company when the tragedy occurred. Friends of this community extend their sincere sympathy to Mrs. Parker, son and other relatives.

The McCauley Methodist church was hostess to the churches of the charge, Friday evening, Oct. 8 at 7 P. M. The ladies of the church served dinner to 60 guests. At 8 P. M. Rev. Bickley of Abilene brought an inspiring message, after which the 4th and last conference of the year convened. Mrs. O. T. Hennington was elected secretary. Reports from each church were given. Mrs. Bingham of Boyd Chapel was elected as delegate to the annual conference. Mrs. J. A. Jackson alternate delegate.

Guests from out of town were Rev. and Mrs. C. A. Bickley, Abilene; Mr. and Mrs. A. B. Carlton, Mr. and Mrs. White, Hamlin; Mr. and Mrs. Rod Brown, Mr. and Mrs. Paul Young, Mr. and Mrs. Jim Ferguson; Mmes. Whittenburg and Bingham all of Neinda and Mr. and Mrs. J. A. Holden of Boyd Chapel.

Visiting in the George Darden home last Sunday were his parents, Mr. and Mrs. M. A. Darden of Girard, Texas, Mr. and Mrs. John Grabbie of Merkel and Bess Darden, a daughter from Cisco, who is employed in that city.

Sgt. Carson, son of Mr. and Mrs. A. T. Carson, is visiting his parents on a 10 days leave from training camp in Salt Lake City, Utah. Sgt. Carson is home for the first time since enlisting in the army last Jan. Mrs. Vera Jayroe visited her daughter and husband, Pfc. Louis Earl Madden and Mrs. Madden in Amarillo last week end.

Mr. and Mrs. C. D. Jones were shopping in Abilene last Saturday.

Mr. and Mrs. Fancher have returned from the Plains where Bill has been running a combine.

O-O-O

COMMENT No. 1—For all these years we have told the folks via this column about Senator Pappy O'Daniel. We have questioned his politics and we have wondered if Pappy was a Democrat, Republican or Socialist. Now just the other day in New York Senator Pappy comes out and says that he doubts FDR can win a fourth term, and the Senator was asked by reporters if he would support FDR for a fourth term and he replied that it depends on who the Republican candidate is and his platform. We won't be surprised about Pappy joining any group and we won't be surprised if Mr. O'Daniel hooks up with some candidate other than a Democrat. In fact, Pappy ran and was elected on a Democratic ticket but that doesn't necessarily mean that the Hill Billy Senator won't double-cross Democrats and support Willkie on a Republican ticket. Yes, it's time that Texas people wake up and support men that are pure gold and not the wishy-washy kind that stomp the state with no solid plans or platform. Wise-cracking Pappy and his hill-billy banjo pickers are still on the loose and they will be back with some new scheme to trick the voters, soak the suckers and laugh up their sleeves at a bunch of dumb bells.

COMMENT No. 2—Wonder what is becoming of all the paper? We hear that the big daily newspapers are not taking on any new subscribers, and news agents are being cut short on their papers every week. One agent tells us that his papers were cut short 10 papers last week end and the week before he was also cut. There may be a scarcity of printers ink or there may be a shortage of paper to print the news and on the other hand OPA may have decided to ration paper. Anything that is necessary to win the war the folks won't grumble out after the boy scouts all over America gathered up tons of old papers and then later were told that we didn't need the paper. Yes it's a fact, and a barn full in McCauley was burned after all the trouble to collect it. Perhaps when all the paper is gone, the OPA will see fit to ration corn cobs.

CABBAGE

MAKE YOUR OWN SAUERKRAUT.. HERE'S HOW

Fresh, Green, Firm Cabbage

25 POUNDS 75¢ 50 POUNDS 1.49 100 POUNDS 2.89

Yams U. S. No. 1 East Texas Lb. 8¢

Rutabagas Fresh Crisp Lb. 6¢

Onions U. S. No. 1 Colorado Yellow Lb. 5¢

SAUERKRAUT

20 lbs. cabbage 1/2 lb. (1/2 cup) salt

Select firm, sound, mature heads of cabbage. Remove outer leaves; wash well. Quarter, remove core, and slice very fine. Put 5 lbs. (about 7 1/2 qts.) shredded cabbage in a pan, add 2 oz. (3 1/2 tbsps.) salt and mix with hands. Place in deep crock or tight wooden keg and tamp down firmly with wooden masher to extract juice and force out air. Repeat until all cabbage is used. Press down, cover with a clean white cloth, then with a plate or round wooden board small enough to fit down inside crock, and weight down with a clean rock or brick, to keep cabbage covered with brine that forms as salt draws juice from cabbage. Keep in a warm place, 75° to 85° F. Inspect each day, remove scum with spoon, and rinse cloth in clear water.

The kraut will be fermented or "cured" in 10 to 20 days, depending upon the amount of cabbage and the temperature at which it is kept. Its appearance and taste will tell you when it is sufficiently cured.

Kraut may be left in the crock or keg all winter, in a cold cellar or basement, if care is taken to remove any scum that forms; or it may be canned any time from 1 to 3 months after fermentation is completed. Simply drain off juice, pack cold kraut into hot sterilized jars to 1/2 inch from top; heat juice to boiling, pour over kraut, seal and store in cool dark place. Do not process.

TO MAKE KRAUT IN JARS

Mix shredded cabbage with salt, using 1/2 tablespoon salt to each quart cabbage. Pack firmly into clean glass jars, fill with cold water, adjust covers fairly tight, and store where it will keep comfortably warm and where possible overflow of liquid will do no harm. If scum forms remove it. The kraut will ferment for a few days, and will be ready to use in a month. At that time, drain off juice, heat to boiling, pour over kraut again, and seal tight. Do not process.

WE SLING GYPSUM

By The Gypsie Reporters

(Francis Nichols—Geraldine Brown)

Well, folks, here we are back after a two weeks' absence from the Herald. During this absence we have lost many families from our community. The following have moved to Borger, where they will be employed in the Rubber plant: Mr. and Mrs. Edd Griffin, Mr. and Mrs. Jim Brown, Mr. and Mrs. June Rhoton, Mr. and Mrs. George Tompkins and Mr. and Mrs. Tubbie Owens. The following families have moved to California: Mr. & Mrs. Jack Greenway, Mr. and Mrs. Marvin Rhoton, Mr. and Mrs. Charlie Early, Mr. and Mrs. John Griffin, Mr. and Mrs. Henry Martin and Mr. and Mrs. Henry Ware.

Miss Myrtle Doby who is employed at Consolidated in Fort Worth, is visiting her parents, Mr. and Mrs. John Doby.

Mr. and Mrs. H. M. Rawlins spent Sunday in the home of Mrs. Rawlins' sister, Mrs. R. B. Bland in Merkel.

Those visiting in the home of Mr. and Mrs. John Riddle Sunday were: Mr. Riddle's mother, Mrs. D. L. Riddle of Hamlin, his sisters, Mr. and Mrs. George Ashley and family of Groom, Mrs. Lily Barnard of Amarillo, Mrs. Jim Perry of Swenson and an old friend, Elbert Williams of

A best-selling laxative ALL OVER THE SOUTH

Caution, Use Only as Directed

Amarillo. Mr. and Mrs. Ashley returned home Sunday afternoon and were accompanied by Mrs. J. C. Lovelace where she will join her husband in Amarillo, Pvt. J. C. Lovelace, who has returned there to go to A. M. school.

Mrs. Wayne Hemphill of Camp Hood and Mrs. B. L. Smith of Fort Worth visited in the homes of Mr. and Mrs. T. N. Hemphill, Mr. and Mrs. John Doby and Mr. and Mrs. John Riddle Friday.

Pvt. Glen W. Bond of Camp Barkeley is spending a 10 days furlough with his parents, Mr. and Mrs. Glen Bond.

Mr. and Mrs. H. C. Carr and fam-

ily and Mr. and Mrs. C. M. Polk and family spent Sunday in the home of Mr. and Mrs. J. J. Polk in Roby.

Pvt. Glen W. Bond, accompanied by his sisters, Ora Mae and Nora Faye visited Mr. and Mrs. W. O. Thomas in Lubbock over the week end.

Those spending the evening in the home of Mr. and Mrs. John Doby Monday were Mr. and Mrs. O. R. Criswell and family, Mr. and Mrs. G. M. Bond and family, Mr. and Mrs. John Riddle and family, Mrs. Ronnie Ray and daughter, Judy Ann and Misses Francis Nichols and Geraldine Brown. A good time was enjoyed by all.

Mrs. Annie Lou Bevans and children visited her parents, Mr. and Mrs. W. A. Brown Sunday.

We were all very sorry to hear that Mrs. S. C. Dunn is back in the Callan Hospital in Rotan. We all hope she will be able to return to her home very soon.

The Young People of Plasterco enjoyed a party last Thursday night in the home of Ora Mae and Nora Faye Bond. A good time was reported by all.

Mr. and Mrs. Odell Willbanks and Mary Ann visited relatives in San Saba Sunday.

Mr. and Mrs. Leonard Nichols received a letter from their son, Pvt. Raymond Nichols of South Carolina that he had paid his old friend, Cpl. Billy Calhoun of North Carolina a

visit. Imagine how happy those boys were to see each other.

Mr. and Mrs. Bernie Smith enjoyed a visit Saturday and Sunday from Mrs. Smith's uncle, J. W. Smith of Hamlin.

Mr. and Mrs. L. E. Hines visited friends and relatives in Anson Sunday.

Mr. Buster Early and family of Hawley visited his mother, Mrs. J. B. Early over the week end, also his sister, Mrs. S. C. Dunn and family.

Mrs. Dewey Mallonee of Wichita Falls visited her brother and family Mr. Barney Smith, also her sisters, Mrs. Henry Marchman and Mrs. J. T. Smith Sunday.

Curtis Daniels, a paratrooper from Camp Mackall, N. C., visited old friends in Plasterco last Friday.

You are all urged to attend church Sunday. The pulpit will be filled by a new preacher.
